**O R D E R:-**

In the G.O's 1<sup>st</sup> to 3<sup>rd</sup> read, Government have accorded Administrative Sanction for Repalle Water Supply Improvement Scheme under Housing and Urban Development Corporation (Ph-III) loan assistance.

2. In the references 4<sup>th</sup> and 5<sup>th</sup> read above, the Engineer-in-Chief (PH), Hyderabad, has informed that, though the remedial measures were taken up as suggested by the Chief Engineer, Central Designs Organization, during construction of Summer Storage tank, the settlement (sunk) of the north side bund of the Summer Storage tank was observed. As suggested by the Chief Engineer, Central Designs Organization, the Public Health Department have consulted Dr. Venkatappa Rao, Consultant for further remedial measures. He has further informed that, as suggested by the consultant and the Chief Engineer, Central Designs Organization, the Public Health authorities have approached APERL for soil sample collection and testing. But, the APERL authorities have expressed their inability for collecting the soil samples by them and proposed to be collected by an agency under their supervision and will be tested by the APERL in their laboratories. Accordingly, the Superintending Engineer(PH), has prepared an estimate for collecting the soil samples, duly drilling the bore holes to a depth of 30 Mts at the toe, mid height and corners of the bund at 1 M intervals, at the cost of Rs.26.00 lakhs, based on the rates obtained from APERL authorities.

3. The Engineer-in-Chief (PH), Hyderabad has therefore, requested the Government to accord permission for calling tenders towards collection & testing soil samples at an expenditure of Rs.26.00 lakhs, duly meeting from the savings available in the overall scheme or available funds in the Summer Storage Tank work, since the remaining work will be taken up only after finalization of remedial measures at settled portion and ascertaining the overall performance of bund as per the suggestions of Chief Engineer, Central Designs Organization, Hyderabad and the Consultant. He has also requested the Government to accord permission for payment of charges to APERL authorities and consultant Dr. Venkatappa Rao, through voucher.

4. Government after careful examination of the proposal of the Engineer-in-Chief (PH), Hyderabad, hereby issue the following orders:

- 1) Permission accorded for collection & testing soil samples, so as to take up the remaining work, after finalization of remedial measures at settled portion and ascertaining the overall performance of bund as per the suggestions of Chief Engineer, Central Designs Organization, Hyderabad and the Consultant.
- 2) Permission accorded for calling tenders and to take further action for collection of soil samples.
- 3) Permission accorded for payment of charges to APERL authorities and consultant through voucher.

5. The estimated expenditure of Rs.26.00 lakhs for the above sanctioned work shall be met from the savings available in the overall scheme or available funds in the SS Tank work of Repalle Water Supply Improvement Scheme.

6. The Engineer-in-Chief (PH), Hyderabad, shall take further necessary action, accordingly.

7. This order issues with the concurrence of Finance (Expr.M&F) Department vide their U.O.No:14871/209/A1/Exp.M&F/2012, Dt:21-8-2012.
